

### Application

The acid-proof extraction arms LEV-ER-MINI are designed for removal of the dust and gas impurities arising at workplaces during processes of not large emission of contamination. They are manufactured in two sizes  $\varnothing 60$  and  $\varnothing 75$ . Due to the self-adjustable frictional joints and swivel User can set the arm in the most convenient work position. The elements of the extraction arm are constructed of acid-proof materials (i.e. PVC, polyamide, stainless steel). They can be applied among others in chemical, pharmaceutical, electronic industries as well as in jewellery workshops. The extraction arm can work with an appropriate extraction fan that serves a main collecting ductwork where other several extraction arms are connected. In situation where air filtration from dust-gas contamination is required, we recommend application of the TENDER absorber with active carbon.

The ERGO-MINI extraction arms are produced in series of types varying in:

- diameter
- work range
- quantity of joints (two or three).

arm mounted directly to the tabletop

arm mounted by means of a clamp holder

### Structure

Extraction arms are manufactured in versions varying in diameter and workrange. The LEV-ER-MINI arm consists of subsequent parts:

- swivel with a vertical pipe
- three adjustable pipe segments
- elbow joints with adjustment of the frictional moment
- clamp holder (delivery on demand)
- replaceable hoods (delivery on demand).

The pipe of the swivel contains a shut-off damper and can make a full rotation around the vertical axis.

The arm can be mounted in following ways:

1. Directly to the tabletop
2. By means of clamp holder.

LEV-ER-MINI/K-50/2, ERGO-MINI/K-75/2

LEV-ER-MINI/K-50/3, ERGO-MINI/K-75/3

### TECHNICAL DATA

Type	Part №	Work Range [mm]	D [mm]	A [mm]	B [mm]	C [mm]	D [mm]	Weight [kg]	Flow resistance at the flow 120 m <sup>3</sup> /h [Pa]
LEV-ER-MINI/K-50/3-950	810R53	700	60	250	350	250	100	2,1	490
LEV-ER-MINI/K-75/3-1150	810R59	900	75	250	450	350	125	3,5	220

## REPLACEABLE HOODS

Sort	Type	Part №	Dimension [mm]			Weight [kg]
			d	D	L	
	SS-50/K	810S70	70	—	180	0,12
	SS-75/K	810S71	85	—	200	0,19
	SM-50/K	810S72	64	158	70	0,12
	SM-75/K	810S73	76	200	80	0,18
	SD-50/K	810S74	64	182	80	0,15
	SD-75/K	810S75	76	222	90	0,20

## CLAMP HOLDER

	Type	Part №	Dimension [mm]	Weight [kg]
		VK/K	810U06	30

Caution: ordering the devices and accessories specify their name and Part №.
