

1. Dimensions

Width: 30"
Height: 88"
Length: 45"

2. Options

- **Pressure Gauge Kit:**
Indicates when filters require cleaning.
- **After-Filters:**
99.97% HEPA,
- **Silencer:**
Reduces the noise level
- **65-Watt Halogen Light Kit:**
Improves worker visibility.

3. Features & Benefits

- **Complete, self-contained unit:**
Includes 10-ft. **Flexi-II** extraction arm, blower, and filter cartridge.
- **Direct-drive BI blower:**
Higher static pressure, longer filter life and greater reliability; non-sparking; no belts or pulleys to replace.
- **Non-electrostatic operation:**
High reliability, low maintenance.
- **Ultra-Seal® filter mounting:**
Eliminates contaminant bypass of filters.
- **Vibra-Pulse® Filter Cleaning System:**
Cleans filters 75% more effectively than reverse pulse systems.
- **Low profile cabinet:**
Low center of gravity for easy maneuverability and arm positioning.
- **Heavy-Duty, 25-ft. power cord:**
Maximizes system portability and positioning during operation.

4. Specifications

- **Construction:**
12/14/16 ga. welded steel, powder coated cabinet
- **Blower Pkgs (HP):**
1.5
- **Noise Level (dBA):**
73
- **Electrical:**
1.5 HP - 115/1/60, 15 amps
- **Nominal CFM (in.):**
800 to 1200 CFM
- **Weight (lbs.):**
260

A Very Profitable Investment

LEV-CO extractors decrease the need for general ventilation as well as the amount of dust in the air. Less dust will give less wear on the machinery, less cleaning in the workshop and in the office, better lighting (no dirty lamps), cleaner material handling (washing baths in the paintshop will last longer), higher working tempo (dirty air is tiring) and less absence bronchial illnesses). Few other investments will cut costs in the same way.

30 years experience

30 years experience of construction and production are at your disposal! The **LEV-CO** extraction systems are a combination of well tested solutions and new ideas.

LEV-CO is always a step ahead, but not expensive!
