

### APPLICATION

**SWINGSTAGE** – Welding Dust and Fume removal solution required, which must meet the following criteria:

- Easy usage
- Wide coverage
- Central exhaust

### SOLUTION

**Source Capture:** - FLEXI extractor arms (Various length).

**Convey/Transport of dust / fume:** - The dust is transported through a centralized duct system

**Exhaust:** Central exhaust fans

### DESCRIPTION

Two	(2)	Central Exhaust fans
Four	(4)	4m Extraction arms
Four	(4)	2m Booms
Nine	(9)	3m Booms
One	(1)	2m Extraction arms
One	(1)	3m Extraction arms

### INDUSTRY

Metal welding

### TESTIMONIAL

"We needed an efficient dust removal solution for our welding processes. LEV-CO came up with a great solution which perfectly fit with our needs. The system is working very well, the arms are greatly flexible with effortless movement, and they stay where you position them, so our employees are very happy with it."
