

Mini-Flex Fume Collection System

Features & Benefits

- **Self-contained unit:**
No installation required, easy to set up and use anywhere.
- **Compact, low profile:**
Can be below-bench, or wall-mounted, maximizing workbench space and accessibility.
- **High efficiency 3-stage filtration:**
Provides up to 99.97% HEPA filtration efficiency.
- **Low 67 decibel noise level:**
Blower housing surrounded with acoustical foam to reduce ambient noise.
- **Hinged, removable top:**
Easy access for cleaning and filter change-out.
- **Plug-in operation with any 115V outlet:**
Can be used anywhere, no special wiring required; operates with simple on-off switch.

Dimensions

Width:	13.00"
Height:	20.00"
Length:	12.00"

Options

- **E-Z Arm® 2.5-in. Dia. Collection Arms:**
For high-efficiency source-point collection for close work areas, in 4- or 6-foot lengths.
- **4-in. Hose:**
Attaches to outlet collar for ducted filtration applications.
