**APPLICATION:**

A manufacturer of dental products was experiencing a problem with excess dust (25% resin and 75% glass) created in their production lines. Due to the nature of their business, they needed a solution that would meet specific codes.

**SOLUTION:**

Due to their stainless steel construction, user-friendly handling, and stay-in-place design, the Super-Max S.S arms were accepted as the best answer to this problem.

**PRODUCT DESCRIPTION:**

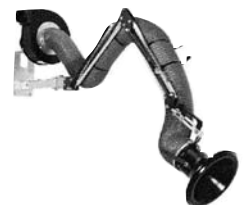

1 x 2m (6.5') Super-Max Stainless Steel Extraction Arm  
1 x 2.5m (8') Super-Max Stainless Steel Extraction Arm

**INDUSTRY:**

Dental Industry

**TESTIMONIAL:**

“The arms move easily to location. They are reliable and easy to clean. We have had them for three years and they’re working well.”
